

# Hero Flying Insects Killer

*Enjoy deep relaxing sleeping. A real hero, it's powerful with insects and safe with humans; suitable for all kinds of spaces to keep them insect-free for everybody's comfort.*

## Product Features:

### Design

- With metal grids on both sides, Hero insect killer is equipped with plastic accessories, a switch button, two fluorescent bulbs and a drawer to collect insects.
- Coming in two different models with 30 cm or 60 cm of width and with the ability to set it on the floor or suspend it from the ceiling, Hero can fit in all kinds of spaces.

### Efficiency

- Because of Hero's two-sided metal grid, the internal high voltage bulbs can attract insects from all directions.
- Bulbs used aren't the regular fluorescent bulbs, but rather they emit light with a special wave length that has strong impact on attracting insects.
- Hero has an automatic detonating system with high voltage; killing insects instantly.
- The external metal grid is electrostatic painted to prevent corrosion and resist environmental conditions.
- Plastic parts are made of reinforced plastic to stand outdoor use and not get easily damaged.

### Utilities

- Suitable for outdoor and indoor use, you can install Hero in your terrace, garden, shop, hotel lobby, restaurant, hospital, or theater and keep everybody comfortable.
- Restaurants and cafes can keep customers in, with no insects flying disrupting their moments or jeopardizing the healthiness of their food.

- At home, or at play areas, Hero insect killer keeps kids safe from insects and their endless infections and painful bites.
- At hospitals and clinics, don't jeopardize patients' health and the overall image with insects flying around and use Hero to solve that problem!

## **Safety**

- The wave length of emitted light is strong on insects without having any negative effect on human health.
- No harmful emissions come as a result of using Hero neither to humans nor to the environment.
- The external metal grids keep hands perfectly safe from touching the internal shocking grids.

## **Maintenance:**

- Equipped with a drawer for collecting insects, Hero is easy to clean and maintain.
- With a warranty of 12 months, Hero insect killer comes with a complete installation and maintenance manual, and spare parts are always available at Nova.

## **Product Specifications:**

**External Grid:** Electrostatic Painted Steel

**Internal Grid:** Galvanized steel

**Accessories:** Shock Resistant Plastic

**Number of Fluorescent Bulbs:** 2

**Body & Bulb Dimensions:** 30 cm (Hero 30) and 60 cm (Hero 60)

**Power:** 25 watt / 220 volt (Hero 30) – 45 watt / 220 volt (Hero 60)

**Shock Voltage:** 3000 volt

**Warranty:** 12 Months

**Spare Parts:** Always Available

Perfectly Safe	Easy to Operate	Indoor/Outdoor Compatible	Highly Efficient
